SOUTH CENTRAL BELL TELEPHONE COMPANY

DEFENDANT

CASE NO. 92-546

ORDER TO SATISFY OR ANSWER

South Central Bell Telephone Company ("SCB") is hereby notified that it has been named as defendant in a formal complaint filed on December 11, 1992, a copy of which is attached hereto.

Pursuant to 807 KAR 5:001, Section 12, SCB is HEREBY ORDERED to satisfy the matters complained of or to file a written answer to the complaint within 10 days from the date of service of this Order.

Should documents of any kind be filed with the Commission in the course of this proceeding, the documents shall also be served on all parties of record.

Done at Frankfort, Kentucky, this 18th day of December, 1992.

(Name and address of attorney, if any)

in 1948 and 1949 my father, in order that I have a phone and electricity on the Harry Jones farm, granted Southern Bell and REA an easement to set the required number of poles. To which would be attached the necessary wires to provide the Harry Jones with electricity and phone service. Service was made available to residents at that location until 1991 at which time the telephone company saw fit to remove their wire and consequently service to that location. Since the precedent agreement, it is our opinion that service should be re-stored at the regular cost of normal telephone hook-up. Simply put, if the telephone company (South Central Bell) will honor an existing agreement and provide telephone service to my grandson, Douglas Bostick who currently resides at that location; I then will honor that original agreement or make available the required land on which the necessary cable for continued phone service to the area can be buried. To service all of the residents of that area, this would be any one living in that area at present, the Callahan Farm, Emerson Farm, and Joe Burcham Farm.

See also attached.

Douglas B. Bostick

EXHIBIT "I"

In 1948 + 1949 My Father
F. L. Bstick had a verable
agreement with Southern Bell
and (R.E.A.) to ~~supply~~ Paul
Elect & Phone Service across
the north side of his 1/4 Section
(60000) land to provide
service to the Callahan Farm
Francis Compton farm, the
Litterman Farm + the Henry
Jones Land.

Here is what my Dad said
to R.E.A. people Charles Ewert
the manager of R.E.A. +
Ray Adams the former of
R.E.A. I am rep of Southern
Bell I think he was employed
by A. F. & J. at that time.
he told them he had a son
living back there + he
wanted them to have elect
+ phone service - he would
give the permission to
set required no of poles

to which would be attached
The necessary wires to provide
about 10 horse service to
the rest of the farm west
+ north of this property.
The callahan Emerson Jones
Farm + The Littleland Farm
my Dad wanted to give
to the callahan + I have
that wanted it. This worked
fine until 1991 when
South Central gave it to the
Removal the line of + the
going to Jones Farm. I
think Jones + Bostick
own off the line to
Jones location since the
precedent, exist, as a result,
of telephone agreement. It is
our opinion that South
Central will should restore
the horse service back to the
Jones Farm to my Grand Son
Darryl Bostick

at the regular cost + normal
charges & handling
simply sup. Southern
of The Phone Co (S C Bell)
will honor the existing
agreement + provide
service to my Grandson
Dwight B. Smith who
currently resides at
that location (Jones Farm)
I will honor the original
agreement & furnish
the necessary land plots
fence him that ~~has~~ land
that ~~is~~ necessary to cable
he buried ~~it~~

It has come to my attention
that R.E.A. has been charging
S C Bell \$10.00 per pole for
them to hang their wires S C Bell
on their poles there 6 poles on north
side of this farm 12x6 - 60x44
Total of \$24.00 cost to
S C Bell

L. B. Smith

I have 5 C Ball Lanes
Cable Buried on East Side
of my Farm 2640 ft. that
They Taken off of R & B Lanes
24 yrs ago & the Cable is
Buried on East Side of my
Farm. I have 5 C B Lane Spool
of 65' per year or 65 x 24 years = 1560'
Total, so I have given
a Central Bell quite a lot
in the last 40 + years.
So it seems.

Trust R & B Dick

Red Lines = Buried phone cables
